Feedback is an essential element of the learning process. IQAC makes it a tradition to mandatorily collect feedback on various curricular aspects, teaching-learning, evaluation and infrastructure from different stakeholders such as the Students, Teachers, Alumni and Parents using structured proforma through feedback committee in offline mode. The committee collects the feedback and submits it to the IQAC. The feedback collected from the individuals has been analyzed by the IQAC and necessary action has been taken for the development of curriculum, teaching-learning process and infrastructure.

Objective

The objective of taking feedback from different stakeholders such as the Students, Teachers, Alumni and Parents is to determine the satisfaction levels of them and identify scopes for the institution's betterment.

Methodology

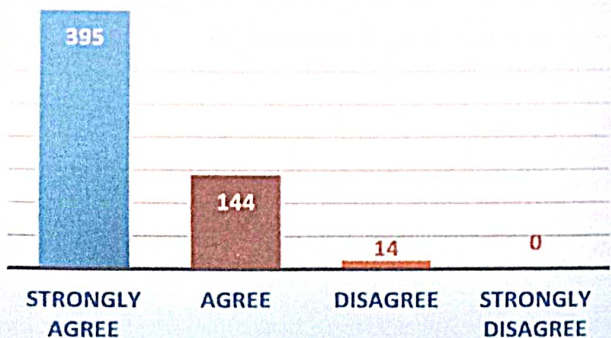

- **Collection of Data:** The feedback is collected manually by circulating the feedback forms.
- **Analysis and Interpretation:** The data is analysed through charts and diagrams. Microsoft Excel is used for this exercise.
- **Meetings and Action Taken Report:** Based on the analysis, IQAC holds meeting at the end of every academic year to discuss the analysed data and take up the related issues and their suggestions for necessary action. Likewise, the action taken report is prepared.
- **Approval of Action Taken Report:** The feedback analysis report and Action Taken Report of the academic year is placed before the Governing Body of the college for approval.
- **Circulation of Action Taken Report:** The approved action taken report is circulated among the staff members through the IQAC. Action taken report acts as a plan for the next academic year. Department level meetings are also held to execute and implement the action plan.

Analysis of Students' Feedback (Year – 2021-22)

No of responses received: 553

No of responses received: 553

Key findings from the survey of Students

1. Students are overwhelmingly satisfied with the instructor's efforts to complete the entire syllabus within the stipulated time, to explain the topic efficiently, and to illustrate the concepts through examples and applications.

The 96% satisfaction rating with the instructor's efforts to complete the syllabus is particularly impressive. This shows that students feel that the instructor is well-organized and that they are making good progress in the course.

The 92% satisfaction rating with the instructor's explanations is also very good. This shows that students feel that the instructor is clear and concise in their teaching, and that they are able to understand the concepts being taught.

The 94% satisfaction rating with the instructor's use of examples and applications is also very positive. This shows that students feel that the instructor is using a variety of methods to help them understand the concepts being taught, and that they are finding these methods helpful.

Overall, the results of the student satisfaction survey are very positive. This is a good indication that the instructor is doing a good job of teaching the course.

2. A high student satisfaction rate is a sign that the college is doing a good job of providing a quality education. There are many factors that can contribute to student satisfaction, including the quality of the teaching, the availability of resources, and the overall atmosphere of the college.
3. The students have expressed their satisfaction regarding the mentorship programme, Add-On/Certificate courses run by the different departments of our college.
4. Students are appreciating the teaching and implementation of learning outcome based curriculum (LOCF) in our college. Continuous evaluation and assessment of students throughout the semester is an important part of LOCF. It also helps to identify students who are struggling so that they can get the help they need.
5. Students are satisfied with the attitude of the teachers and the fairness of their evaluations.
6. Most of the students have given positive feedback considering NCC, NSS and other extra-curricular activities.
7. Almost 95% students have given positive feedback considering activities of different Cells like prevention to sexual harassment cell, anti-ragging cell where almost 90% of them have provided good response considering the activities of grievance redressal cell.

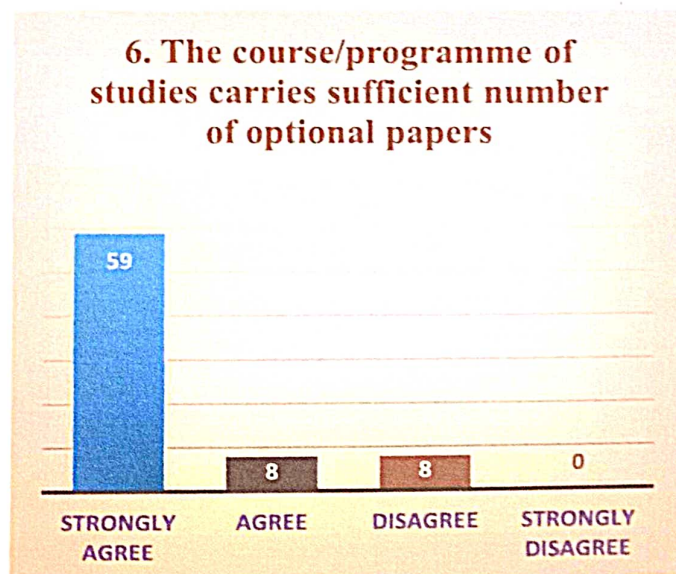

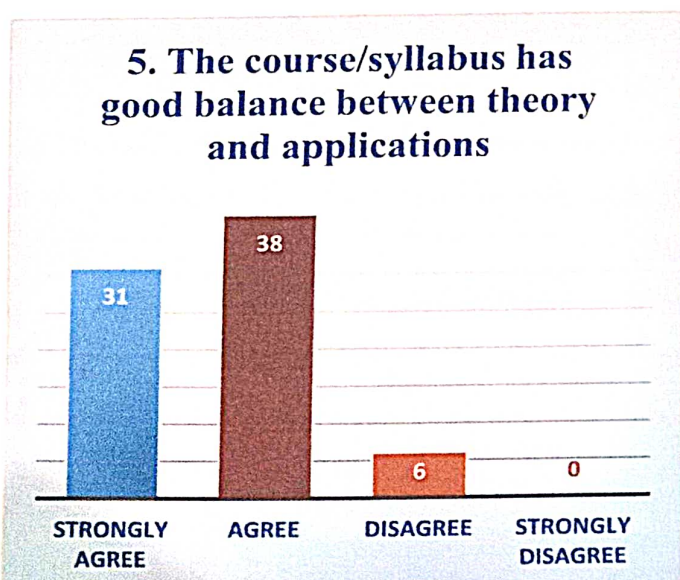

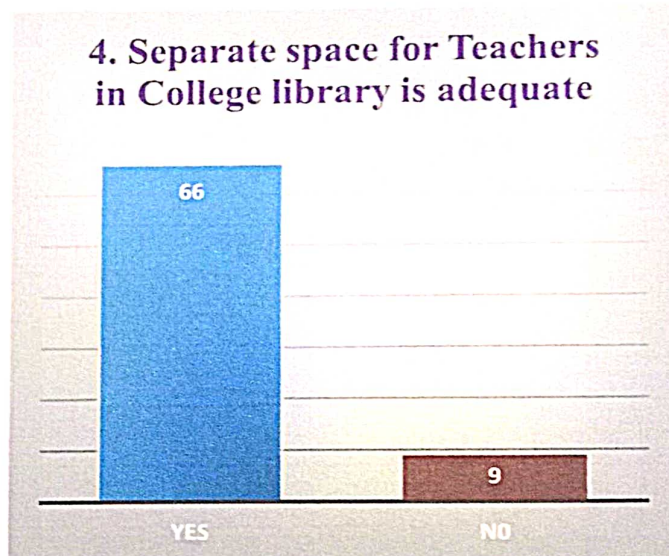

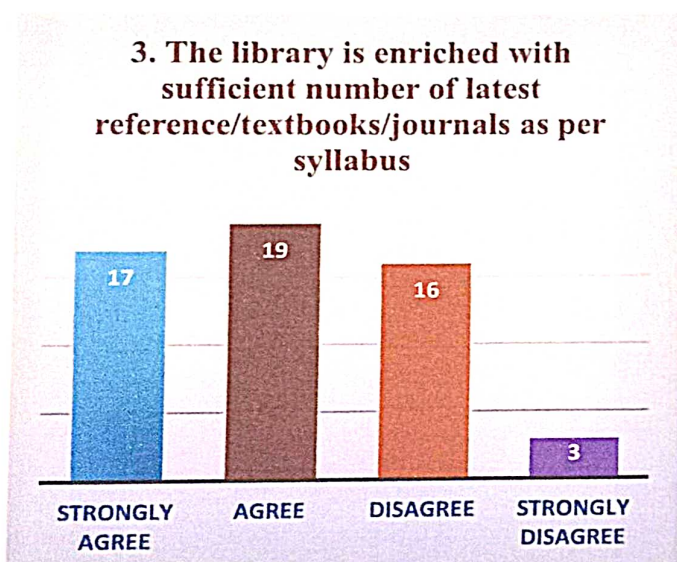

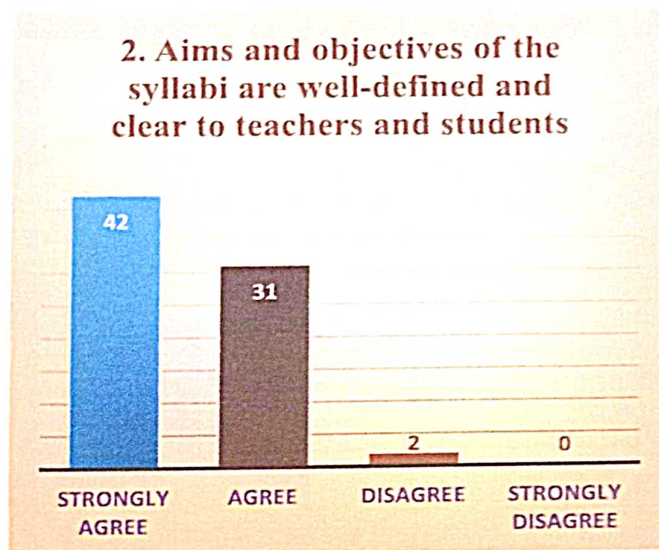

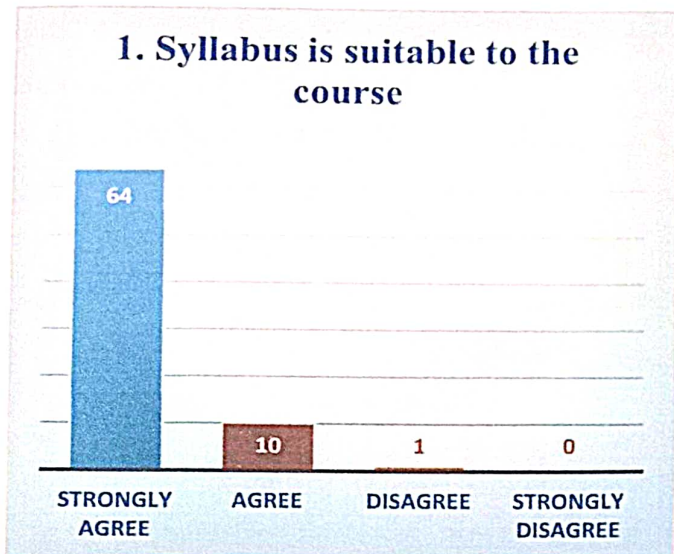

This feedback has also pointed out few areas where the Departments/Teachers/Colleges do have scope for enhancement in quality of education.

1. Institute needs to commence offline classes after the pandemic implementing safety measures.
2. Institute needs to incorporate more number of Add On /Certificate courses to develop their skills and to make themselves more marketable to potential employers
3. Institute needs to purchase more of books in the library.
4. Improve ICT infrastructure in various departments.
5. The functioning of Placement Cell should be increased by introducing more carrier-oriented lectures/seminars.

The IQAC and College Authority give utmost importance to the findings of this survey.

Analysis of Parents' Feedback (Year – 2021-22)

No of responses received: 167

Key findings from the survey of Parents

1. The students are overall satisfied with the college in most of the spheres.
2. students are satisfied with the teaching and non-teaching staff and the courses provided by the college. This is a positive sign that the college is providing a good quality of education and that students are able to get the most out of their time there.
3. The educational resources provided are adequate and they are satisfied with the office staffs who aided them in various procedures.
4. They were not satisfied with the canteen facilities provided by the college.
5. They have a major issue with the hostel accommodation and the mess food.

This feedback has also pointed out few grey areas where the College/Departments/Teachers do have scope for enhancement in quality of education. They are as follows:

1. Students coming from far off places should be availed hostel as it is very difficult to travel long distances to attend lectures. So, reconstruction/renovation of the hostel is very much essential.
2. The canteen should be made more affordable. Making the canteen more affordable would help students to eat healthy and nutritious food, even if they are on a tight budget
3. The placements and internship opportunities provided by the college are not satisfactorily.

Feedback Analysis and Action Taken Report (ATR) of Aghorekamini Prakashchandra Mahavidyalaya, Bengai, Hooghly for the session 2021-2022

Sl. No.	Recommendations based on Feedback Analysis	Action Taken Report
1.	Commence offline classes	The Principal observed that the offline classes might be resumed if the government recommended the same.
2.	Increase the number of books in the library	The Principal assured the IQAC and all the departments that books would be purchased on a regular basis to enrich the college library, depending on the funds available for the same.
3.	Improve ICT infrastructure in various departments.	The Principal assured the IQAC and all the departments that the ICT infrastructure would be upgraded on a regular basis in a gradual and systematic way.
4.	Increase the number of field visits/industrial visits	The Principal advised the concerned departments to submit as many proposals for field visits/ industrial visits as they might deem fit, so that students might benefit from the same.
5.	Improve sports infrastructure	The Principal requested the Department of Physical Education to submit requisition to the Conveners of the Building and Purchase Sub-committees, so that he, in consultation with the GB, might take necessary steps to improve the sports infrastructure on our campus.
6.	Organise more career counselling-related programmes	The Principal assured the IQAC that MOUs would be signed with different organisations in order to arrange for career counselling more frequently on the campus and enhance the employability of our students.
7.	Provide spoken English course for the students	The Principal requested the Head of the Department of English to chalk out an Add-On course in Communicative English to meet the rising demands among our students for the same.
8.	Improve physical infrastructure and buy equipments for laboratories	The Principal pointed out that our college suffered from a paucity of funds; yet he promised to allocate as much as possible for the upgradation and maintenance of laboratories. He also requested the concerned departments to submit requisitions to this effect.
