Feedback Analysis and Action Taken Report (ATR) of Aghorekamini Prakashchandra Mahavidyalaya, Bengai, Hooghly for the session 2018-19

Sl. No.	Recommendations based on Feedback Analysis	Action Taken Report
1.	Increase the number of books in the library	The Principal assured the IQAC and the departments that books would be purchased on a regular basis to enrich the college library, so far as the funds permit.
2.	Increase the number of ICT-enabled classroom in the college	The Principal assured the IQAC and the departments that he shared their feelings about increasing the number of ICT-enabled classrooms in the contemporary academic scenario. So, he promised to do the needful after taking stock of the financial situation of the college.
3.	Introduce value added/certificate /Add on courses in the college	Realising the necessity of the said courses to enhance the employability of our students, the Principal requested the Heads of all departments to introduce such courses at their earliest convenience.
4.	Strengthen security within the college campus through installation of CCTV camera	The Principal pointed out that CCTV cameras were already being installed and the safety of the college campus would soon be ensured through continuous surveillance.
5.	Build more toilets on the college campus	The Principal assured the IQAC that more toilets would be built on the college campus to meet the need of ever-increasing number of stake-holders. Special care would be taken to install disabled-friendly toilets adjacent to every building.
6.	Organise more field trips/excursions	The Principal pointed out that some departments already had a tradition of taking their students on field trips, as it was a part of their curricula; and he assured the IQAC that he would try to provide fund to any other department that planned to organise field trips or excursions in future.
7.	Grant concession in tuition fees to more students	The Principal pointed out that 50% of the tuition fees collected from students was claimed by the state government every year as its share; so, it was already difficult to manage all the expenses of the college with the residue. In such a situation, it was not advisable to grant concessions to students indiscriminately. But, if a student had a genuine need, the college would treat his/her case sympathetically.
